CAISSY CORPORATION

CAISSY Corporation is one of Canadian's hockey equipment manufacturers.
We create innovative, accessible, robust and realistic products.

Designed and manufactured in high-density recyclable plastic, all our products meet the highest standards of excellence required by this discipline and in addition, they are covered by a 1-year warranty.

SELF-SUPPORTING AND EASILY MOVEABLE GOALTENDER

The CAISSY Pro goaltenders are mainly designed for scorers that want to improve their accuracy. These products are also ideal for hockey players of all levels, whether amateurs or professionals, who aiming to improve their skills.

In addition, these tools help coaches optimize training sessions to achieve new objectives and ensure continuous improvement.

INOVAGOAL

As recommended by Hockey Canada, this equipment offers an alternative to novice nets for pre-novice and novice level players.

Made of high-density recyclable plastic, Inovagoal is robust and attaches to the front of a standard hockey net that reproduces the visual appearance and exact dimensions of a novice size goal (48" x 36").

CAISSY PRO

SCORER TRAINER

A SELF-SUPPORTING GOALTENDER WITH REALISTIC DIMENSIONS THAT ACCURATELY RECREATES THE OPENINGS AT THE NET.

- Improves the visualization and visual acuity of the scorer
- Develops shooting reflexes
- Optimizes accuracy

STANDARD POSITION

A STANDING GOALTENDER RECEIVING DISTANT OR BREAKAWAY SHOTS.

An excellent choice for practicing low shots, in all directions around the goaltender and through the openings of the goaltender's pads. A plate, placed behind the goalie pads, forces the scorer to make a perfectly aligned and straight shot to score a goal.

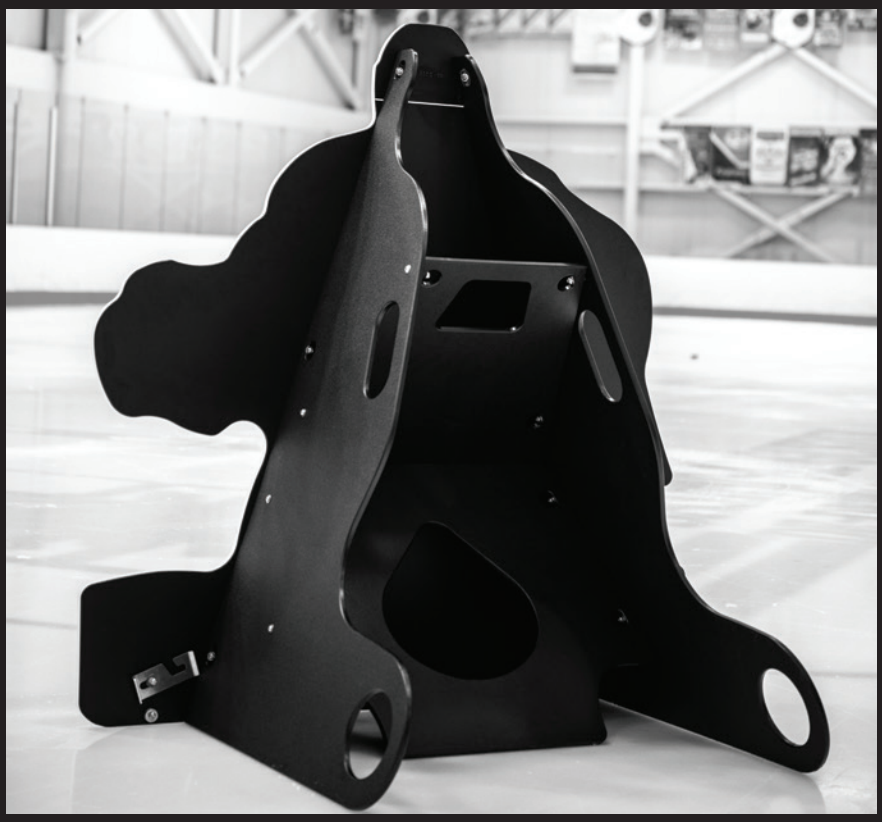
BUTTERFLY POSITION

GOALTENDER ON HIS KNEES RECEIVING SHOTS FROM CLOSE PLAYERS.

Perfect for the practice of higher or deflected shots, near the goaltender and in the top part of the net.

STRUCTURE

- Self-supporting and stable structure
- Fast assembly
- Rear storage space



FACADE

- Very realistic facade
- Withstands professional players' shots
- Rigid surface for rebounds similar to those of a real goaltender
- Durable surface whitout fragment or debris

PROFILE

- Realistic profile
- Ergonomic handles

ANCHORS & HARDWARE

- Removable and secure anchors
- Stainless-steel hardware
- Nuts with nylon trim to secure screwing

MANUFACTURING

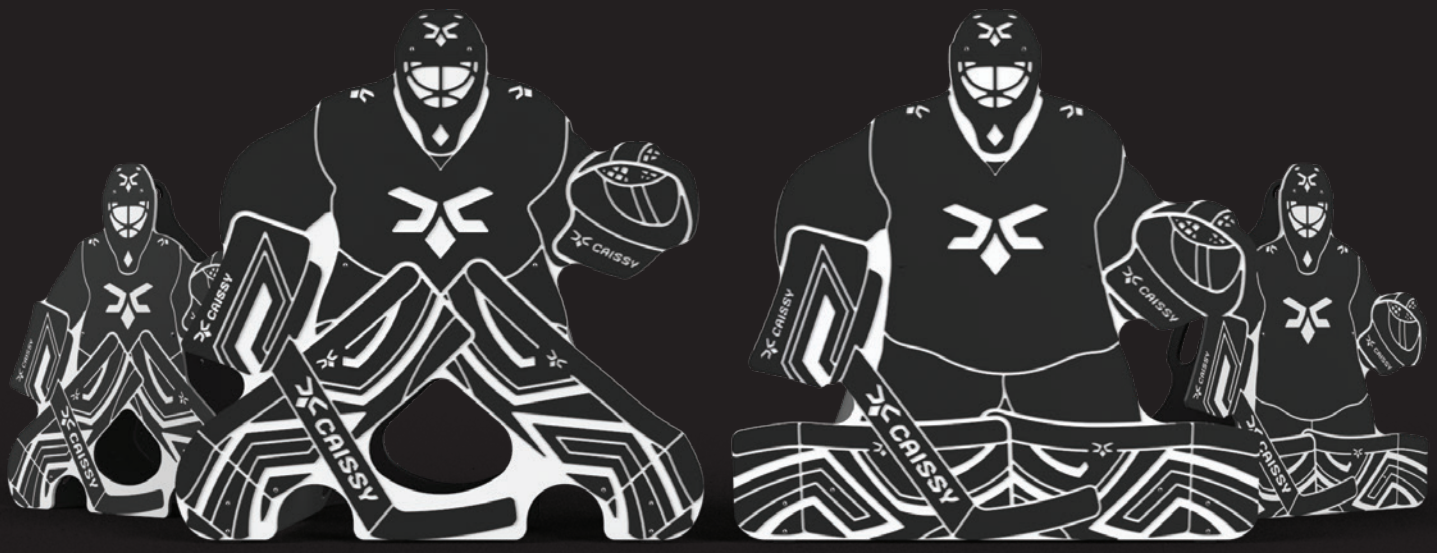
- Made of high-density, ultraviolet and weather-resistant recyclable plastic
- Designed and manufactured in Québec, Canada

HANDLING & STORAGE

- Off-ice handling with the CAISSY Trolley (optional)
- Easy storage: Once assembled, the goaltender can be pushed inside a standard-size net; when disassembled, the goalie can be laid flat

CAISSY PRO

GOALTENDER MODELS



SUPER-STAR-PRO (60 X 54 INCHES)

This goaltender is equivalent to a person of about 6'2" feet tall (188 cm).
It is ideal for the skills improvement of professional scorers.
Weight 96 lb (43.5 kg).

STAR-PRO (54 X 54 INCHES)

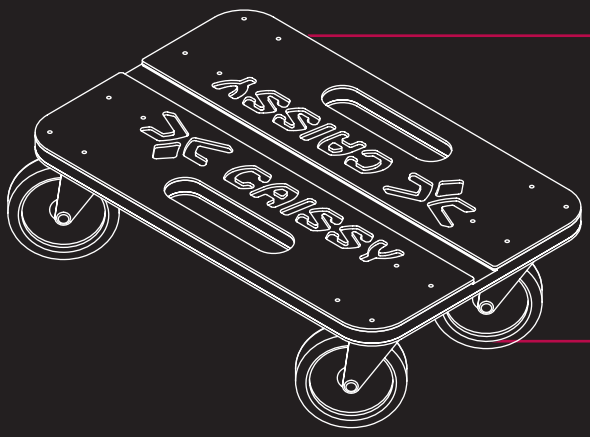
This goaltender is equivalent to a person of about 6'2" feet tall (188 cm).
Less wide than the SUPER-STAR-PRO, it is ideal for the skills improvement of high-level scorers.
Weight 94 lb (42.6 kg).

SENIOR-PRO (48 X 48 INCHES)

This goaltender is equivalent to a person of about 5'6" feet tall (168 cm).
It is ideal to train intermediate-level scorers.
Weight 72 lb (32.6 kg).

JUNIOR-PRO (36 X 36 INCHES)

This goalie is equivalent to a child of about 46” tall (116 cm).
It is ideal for the initiation of beginner-level scorers (aged 8 and younger).
Weight 32 lb (14.5 kg).



CAISSY TROLLEY

When off the ice, a CAISSY Trolley is the best way
to move your goaltender.
